Description

Ry, France's 7th favorite village in 2024, is a lively, friendly village, and in season, musical entertainment completes the picture.

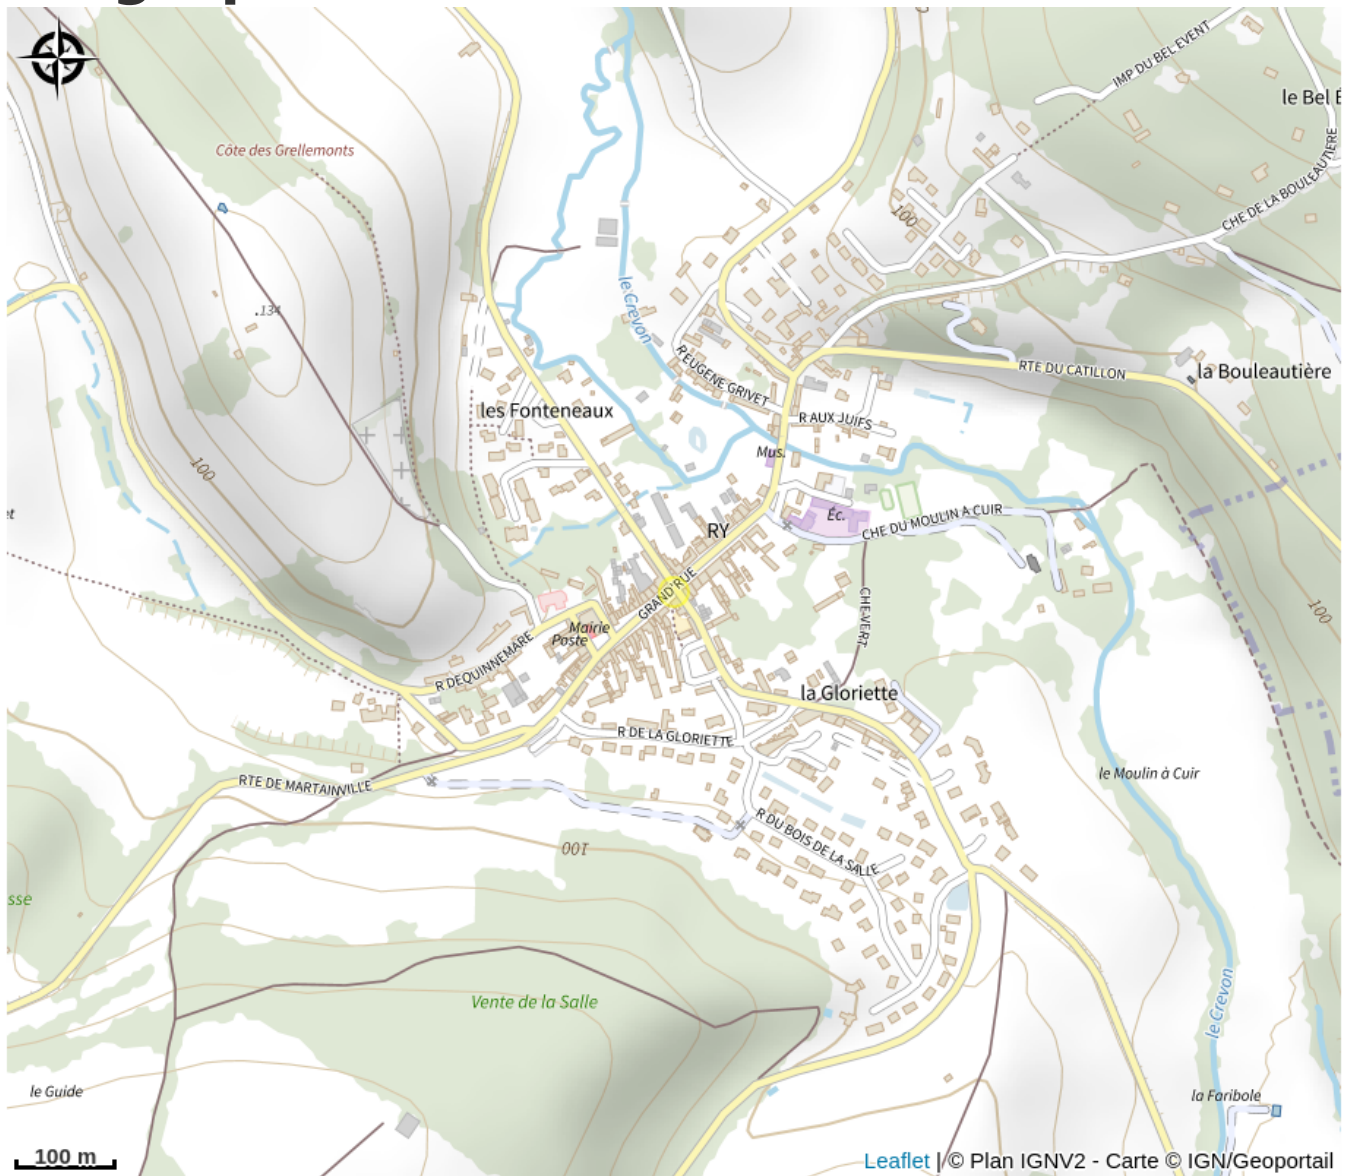

Every week at the Ry market, some thirty exhibitors welcome you on Saturdays from 8:00 am to 1:00 pm under Les Halles, Place de la Mairie and Grand' Rue.

A walking tour is available on site, and it's possible to organize a guided tour designed as a behind-the-scenes look at the writing of Madame Bovary, to discover the Ry of today and the Ry of Flaubert's time.

We also offer a range of tourist activities that will be of particular interest to groups on day trips.

Please contact us by telephone for reservations.
